The Future of Aesthetics is Integrated

Aging is complex. Your treatment shouldn't be simple.
Most clinics treat symptoms in silos—wrinkles, weight, or skin. At Cosmo Radiance, we treat the Whole Human System.

We are India's Largest Integrated Centre,
bridging the gap between the luxury of an aesthetic institute and the safety of a hospital. Under one Class-100 sterile roof, we unite Plastic Surgery, Clinical Dermatology, Cosmetic Dentistry, Psychiatry, and Metabolic Health.

The Promise:

"Whether you seek a subtle enhancement or a complete transformation, our 'Safety-First' protocols ensure your journey is comfortable, private, and results-driven."

Defined by Infrastructure.
India's First Hospital-Grade Aesthetic Centre.

Critical Care ICU Backup:
Full hospital-grade intensive care support on-site. We are prepared for every medical eventuality, ensuring absolute safety.

Class-100 Sterile OTs:
We operate in Modular Laminar Airflow Theaters—the same sterility standard used for brain surgery, minimizing infection risk to near zero.

Full-Time Anesthesiology:
Your safety is monitored real-time. Our dedicated anesthesia team ensures hemodynamic stability and pain-free procedures.

100% Doctor-Led Protocols:
Zero technicians performing surgical tasks. Every procedure is executed by qualified Plastic Surgeons & Dermatologists adhering to NMC Guidelines.
